WELLCOME TO MY RESUME

PROFILE

As a dedicated and ambitious computer science student, I am on the verge of completing my Bachelor of Science degree with a focus on data analysis, and web development. Eager to contribute my passion for problem-solving and programming skills to a dynamic team, I have a strong commitment to research.

CAREER OBJECTIVE

As a highly motivated and adaptable computer science graduate, I am seeking a challenging role or a master's program where I can leverage my technical skills, passion for innovation, and commitment to continuous learning. My objective is to contribute to cutting-edge projects, collaborate with like-minded professionals, and further develop my expertise in software engineering.

PROJECTS

- **16th Oct, 2023**
Personal Portfolio
Designed and developed a personal portfolio website to showcase my skills, projects, and academic achievements in the field of computer science.
- **5th Oct, 2022**
Hardhat Raffle App
Developed a decentralized raffle application using Solidity for smart contract development and JavaScript, with the Hardhat framework facilitating testing and deployment.
- **25th Aug, 2022**
Front-End Fund me App
Developed a decentralized fundraising application using Solidity for smart contract development and JavaScript, HTML, and CSS for the front-end implementation.

EDUCATION

- **Bachelor Of Computer science and technology**
2020 - present
Nanjing University of Posts and Telecommunications
